

JOIN LIQUID GAS EUROPE

AND SHAPE THE FUTURE OF THE EUROPEAN LIQUID GAS INDUSTRY

IS YOUR ORGANISATION ACTIVE IN THE LIQUID GAS VALUE CHAIN? **LET'S WORK TOGETHER!**

Liquid Gas Europe is the European voice of the liquid gas industry in Brussels. We represent the liquid gas sector at European level and count among our members companies from across the industry, ranging from liquid gas producers, distributors, national associations as well as equipment and services providers. **We advocate for a safe and stable regulatory environment to ensure a just energy transition for all.**

WHY JOIN LIQUID GAS EUROPE?

1. HAVE A VOICE IN BRUSSELS

EU legislation has never been more influential – climate change, air pollution, energy and security of supply are among the policy areas that have a direct impact on the liquid gas industry.

Liquid Gas Europe members are kept up to date with the latest regulatory developments, and can contribute to the industry official positions through dedicated working groups. Our members are supported by our public affairs team, which engages on a regular basis with key policy- and decision-makers.

2. SHAPE STANDARDS THAT WORK FOR THE INDUSTRY

Liquid Gas Europe and its members work with authorities in Brussels and Geneva to ensure all technical and safety regulations are both workable and fit for purpose.

We take active part in CEN Committee meetings, where we contribute to the development of balanced standards for the European liquid gas industry. Our Safety and Standardisation coordination group is one of the drivers behind the formulation of European standards.

3. DEEPEN YOUR UNDERSTANDING OF THE EU

By joining Liquid Gas Europe, you will become part of a knowledge- and best practice-sharing platform that can help you navigate the intricacies of the EU bubble.

We also create reports, brochures and infographics, which our members can then leverage in their promotional materials and communication work. Lastly, all members of Liquid Gas Europe benefit from a free-of-charge annual European Statistical Report.

4. BE PART OF THE SOLUTION

Liquid Gas Europe members have the opportunity to participate in key events and become part of an association at the forefront of the policy debate in Brussels, which helps shape the policies that will define the future of our industry.

5. STRENGTHEN YOUR NETWORK AT THE EUROPEAN LIQUID GAS CONGRESS

Each year, Liquid Gas Europe organises the European Liquid Gas Congress, a landmark event bringing the liquid gas industry together to hear from renowned experts, network with industry peers and experience first-hand the latest technological innovations.

Liquid Gas Europe members benefit from reduced rates, exclusive events and the opportunity to book their preferred exhibition booths.
